A PROPOSED RAILROAD BRIDGE ACROSS THE POTOMAC.—The Washington Union of yesterday says:—"We hear the company who have purchased the Alexandria Canal, propose to erect an aqueduct bridge across the Potomac at the mouth of the canal, and an iron bridge is projected to be built, wide enough for the accommodation of wagons and other vehicles, and also a railroad track. It is further said that the Washington and Georgetown Street Railroad is to be continued from its present terminus along Bridge street, and to cross over this bridge to the Virginia side. It is understood that the bridge has already been secured for the purpose of erecting a suitable depot for the use of the Railroad Company, and for a sufficient number of dwellings to accommodate the employees of the company."

DR. CHANCELLOR.—In announcing that Dr. C. W. Chancellor, formerly of this place, had removed to Memphis, the Avalanche of that city says:—"It is our good fortune to have enjoyed a long and intimate acquaintance with the Doctor, and we know of no one whom we would more gladly and cordially welcome to Memphis. Dr. Chancellor, though young, is eminent as a surgeon and physician, and as a high-toned gentleman his character is sans peer, sans reproche. He was Medical Director of Pickett's celebrated Division in the army of Virginia, a position he filled with marked ability. An article from the Alexandria, Va., Gazette, will show the high esteem in which he was held in the community he has left."

COAL WHARVES.—Several parties from the North have, we understand, visited this city within the past week or two, for the purpose of prospecting the lands and river shore in the neighborhood of the outlet of the Alexandria Canal, now soon to be opened for navigation. It is the intention of nearly all the coal agencies, whose depots are now located in Georgetown, to establish their depots in this city, and the parties who have of late been inspecting the present coal wharves, intend to erect others along the banks and flats adjoining.

APPOINTMENTS OF STATE CADETS.—At a meeting of the Board of Visitors of the Virginia Military Institute, held on the 3d instant, the following appointments of State Cadets from this and the adjoining Districts were made: Thomas Fairfax, Richmond; F. G. Hays, Alexandria; L. N. Buck, Warrenton; C. Randolph, Fauquier; F. Y. Menefee, Rappahannock; L. Norris and W. C. Powell, Loudoun.

HORSE THIEVES.—Horse thieving, so frequently carried on in this locality, last Summer and Fall, but which we hoped had been effectually stopped by the numerous and prolonged commitments to the penitentiary in which it often resulted, has recommenced with increased vigor. Dr. Henry, who lives near Cloud's mill, had a horse stolen from his stable on Sunday night last.

THE WEATHER.—Yesterday afternoon, the wind veered round to the N. E., and it became much cooler. Soon clouds gathered, and after sun down, it commenced raining, and the rain continued all night, and to-day. The showers have been most grateful and refreshing, and the change of temperature very agreeable.

THE RAIN, which fell last night and to-day, was just in time, for the fields and gardens, which had begun to suffer. The pastures will now revive and become luxuriant, and much of the forward corn will be made. Vegetables will now be finer and more abundant than ever. The potato crop is the largest ever made.

ALEXANDRIA, LOUDOUN & HAMPSHIRE R. R.—It is expected that the trains on this road will be able to run as far as Goose Creek, in two or three weeks. The bridge over Broad Run has been completed, and that over Beaver Dam will be put up this week.

DOGS.—A war against Dogs has been commenced in Washington. Some cases of hydrophobia are reported there. It is said that the number of Dogs, in this place, has largely increased since the late census.

PERSONAL.—Col. John S. Mosley, who was in this city yesterday. He left during the day for New York, in which city he intends spending a few days.

HENRY HAMPTON, esq., formerly of this place, is now connected with the Memphis Avalanche. Success to him!

M. E. CHURCH.—The Methodist Episcopal Church building on Washington street, is to be repaired and improved.

POLICE REPORT—MAYOR'S OFFICE.—Jerry Mucare, for disorderly conduct on the streets last night, was discharged upon the payment of the imposed fine.

George Thomas, negro, arrested as a suspicious character, was, this morning, committed to jail for further examination, on the charge of being a party to the stealing of a horse from Mr. Taylor, of Loudoun county.

Several warrants were issued this morning summoning parties who have failed to obtain licenses to carry on business in this city, to appear at the Mayor's Office.

MAJESTIES' OFFICE.—John Seigle and Melcher Marchant, for fighting and disorderly conduct on the streets, were held in the sum of \$50 security to keep the peace.

ALEXANDRIA & MARYLAND STEAM FERRY COMPANY.—There was a meeting of the Stockholders of this company, over Whitmer & Slaymaker's dry goods store, last night, which was poorly attended, we suppose, owing to the inclement weather. We take great pride however in stating that the few who were present seemed determined to have a ferry, and generously doubled their present stock making the total additional amount, subscribed last night, \$1,150.

A committee of three were appointed by the President to wait upon the absent Stockholders, and inform them of the action of the meeting, and request them to increase their subscription likewise; also to solicit subscriptions from others than the present stockholders:

The committee consists of the following gentlemen: S. Dealham, W. A. Smoot and S. M. Dent; and it is hoped that all will be found willing to double their stock, if necessary, and that the names of many, who have not yet subscribed, will be appended to the roll of the Alexandria and Maryland Steam Ferry Company. It seems unnecessary to press and urge such an enterprise, as every citizen should be alive to the necessity of its accomplishment without further delay.

FOURTH OF JULY CELEBRATION.—The Washington Chronicle has an account of a celebration of the 4th of July at Brentsville, Prince William county, Va. This account says, there was "a goodly number in attendance," but it is immediately added—"as the meagre delegations from distant neighborhoods came in," &c. A meeting was organized at the Court-house by the appointment of J. P. Baldwin, of Prince William, president, and Major M. S. Hopkins secretary. Letters were then read from George Maynard, of Tennessee, and Lyman Hill, of Maryland. Speeches were made by A. C. Hays, of Va., J. S. Dow, of Tenn., and L. Sherwood of Texas. Resolutions expressive of the political sentiments of those present were passed, a flag raising had, a collation partaken of, &c.

The Washington Star says:—"The Commissioner of the Freedmen's Bureau has received information of alleged outrages committed on the persons of colored people, in Middleburg, Loudoun county, Va. In one instance a man named Charles Davis, a resident of Middleburg, assaulted Sidney Sheppard, a colored man, by beating him with a pistol, while others stood by, also armed with pistols."

Mayor Wallace, in Washington, has issued a call for a meeting, to take measures for the relief of the unfortunate people left destitute by the destructive conflagration at Portland.

Mr. Harrison Jacobs has opened a first-class and elegantly fitted up barber shop at No. 23, north Fairfax street, under the Mansion House. See his advertisement in another column.

QUALIFIED.—Captain James Montgomery Stewart, Sheriff elect of this county, gave bond and qualified, before the County Court, this morning.

We beg our subscribers, advertisers, and customers in job work, to bear in mind, that our terms are cash—and that we are compelled to do a cash business.

We have, on file, for publication, as soon as we can find room for them, several communications on general topics, selected articles, poetry, &c.

NEW WHEAT.—The first receipts of new wheat at Georgetown arrived on Thursday, and sold at \$2.60 per bushel.

COUNCIL.—A called meeting of the City Council will be held to-night.

GOLD.—New York, July 10, 1866.—Gold, 149.

A lad in the employ of Congreve, Stewart & Co., brokers, has robbed the New York Eastern-house of twenty-one hundred dollars in gold checks.

The losses by fire thus far during the year 1866 have been enormous, and they exceed the aggregate losses for any previous year.

In New York on the 8th, there were 29 cases of sun stroke, 27 of which were fatal. The weather has since turned cooler.

Pelican eggs are very abundant in California, and sell at 12 cents per dozen. They are as large as three hen eggs.

Five deaths from cholera are reported to have occurred at Brooklyn, New York, on Saturday and Sunday last.

MARRIED.—On the 27th ult., at Hackensack, N. J., in the First Reformed Dutch Church, by Rev. Theo. Pomare, Rev. G. M. McCAMBELL, pastor of the First Presbyterian Church, Alexandria, Va., recently of Jeffersonville, Ind., to Miss JENNIE HALL, daughter of Henry Hall, esq., of Hackensack.
